To the People of the Great State of Missouri,

Our nation continues to struggle with direction in an ever-changing world, while politicians in Washington D.C. appear content to follow political party leaders, intent on their own agenda and not that of the American people.

We are a great nation which is being divided by racial strife, gender warfare, and political party hypocrisy. The upcoming elections in 2018 may prove to be one of the most important elections in history, and will determine the future of our Country and our posterity for many years to come.

I want to take this opportunity to recommend for your consideration my friend, Courtland Sykes, a man of vision and principle who will make a real difference in the United States Senate.

Courtland is a man of impeccable character, courage, and Christian faith. We need men like Courtland Sykes in the Senate of the United States, a leader who will not only say what is right, but also a leader who will do what is right!

If you are tired of special interest politicians and liberal news organizations who seek to control us with "fake news," then I ask for you to vote for Courtland Sykes in the upcoming election for United States Senate.

Together we will make a difference, and make America great again!

May God be with you,

Roy S. Moore
Judge Roy S. Moore
