MISSOURI HOUSE OF REPRESENTATIVES

NICK SCHROER

State Representative
District 107

January 12, 2022

Honorable Dan Shaul
201 West Capitol Avenue; Room 313-1
Jefferson City MO 65101

Representative Shaul:

On behalf of the undersigned members of the Missouri General Assembly, we hereby express our extreme concern in the current proposed Congressional map voted out of the Special Committee on Redistricting this morning. As Chairman of the aforementioned committee, you are very well-versed in the importance attributed to keeping communities of interest intact. This issue was brought to the Committee's attention regarding a previous division of the Raymore, MO community, which I believe the Committee was quick to address.

Currently, the fastest growing county within our great state in terms of population and economic development is St. Charles County. Moreover, during the last two years, St. Charles County has been a refuge for individuals and businesses that have been adversely impacted by the tyrannical edicts of activist local officials elsewhere.

The current division of this community of interest contained within your House Bill 2117 will unduly burden the residents of St. Charles County. For the past ten years, this community of interest had been divided into two separate congressional districts, making it more challenging for policy concerns and the interests of the residents and businesses to be addressed on a national level. Therefore, we respectfully request that you support our effort to preserve St. Charles County wholly within one Congressional district in your House Bill 2117.

We, the undersigned members of the St. Charles County delegation of the Missouri General Assembly, applaud you for all of your efforts in creating a Congressional map that will serve the best interests of our state. It is not only vitally important to our residents in St. Charles County that this community of interest be preserved in one district, the economic growth and stability of our state depend on it. We prayerfully request that you support our efforts to keep this community intact.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nick Schroer".
